

INTRODUCTORY BROCHURE

It is with great pleasure and excitement that we introduce the concept of the new and much awaited *Parklands Sports Complex*.

The Parklands Home Owners Association (aka PHOA) has secured a piece of land from Milnerton Estates/ASKA JV, with the intention of raising sufficient funding to develop the land into a much needed Sports Complex in the Parklands area. A Section 21 Company (Non-profit) has been established, now officially known as the Parklands Sports Complex.

The complex can accommodate various sporting codes i.e. Athletics, Football, Rugby, Cricket, Hockey, Society Based Organisations, etc.

The project will be executed in 3 phases, with the 1st phase requiring R7.5k to get it off the ground. Three different campaigns will be implemented to raise a total of R3.5 million. We aim to target 3 different sectors: Corporate's, Local Developers & Business's and the Community.

A fundraising committee has been established, consisting of PHOA trustees, community volunteers and a fundraiser. The fundraising committee's core purpose is to raise the funds required for the 3 phases of the project in the shortest possible time.

The fundraising committee would like to inspire the community to participate in influencing the lives of our children through sport. Our Sponsors Book and Members Honours Board are the perfect opportunity for your good selves to become known within the community. It is a great form of advertising, which will ultimately highlight your business or personal status.

Without the effort and support from the corporate world, community and surrounding businesses for the project, we will not succeed in developing this land into the exclusive sports facility that it could become.

People will walk in and out of the Parklands Sports Complex Project, but many sponsors & donors will leave their footprints in the hearts of our community.
